APPIAH SAMUEL

Accra, Greater Accra, Ghana

Sappiah5689@gmail.com

Summary

- Worked with a team of UX/UI designers and other developers to help solve the accommodation problems tertiary students face.

Experience

Web Development
TeamAlpha

Jul 2020 - Present

I lead the web development team and also collaborated with the UI/UX designers and developers to build a good system to help solve the accommodation problems of Ghanaian students in tertiary institution. Not only that we are working on other major projects that is going to help most problems the society is encountering.
